Art Unit: 3653

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 5 and 11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 5, it is unclear how the "first driving mechanism" and the "second driving mechanism" relate to the first and second sliding units recited in claim 1. Are the driving mechanisms a part of the sliding units? They both appear to perform the same function of moving the first paper aligning member and the third paper aligning member.

In claim 11 line 4, the language "the first driving mechanism" and "the second driving mechanism" lacks antecedent basis, therefore; it is not clearly understood to what element the language is referring since no such driving mechanisms have been previously recited either in claim 11 or claim 1 from which claim 11 depends.

3. Claims 5 and 11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
4. Claims 1 through 4, 6 through 10 and 12 through 14 are allowed.
